What is the Gateway Award?

The Gateway Award is an activity award. The award programme lets you set your own challenges based on what interests you.

It's about experiencing new things, gaining confidence, meeting new people, having fun and being healthy. People of all ages and abilities can take part.

My challenge

There are Bronze, Silver and Gold awards. For each award level, there are five sections to complete:

- **Hobbies** – doing things that interest you
- **Fitness** – being active and taking care of your body
- **Lifestyle** – staying safe and leading a healthy life
- **Volunteering** – helping others in your community
- **Gateway challenge** – achieving your goals

My choices

You decide what activities to do by choosing things that are new, challenging and fun. Along the way, you can collect evidence to show what you have done.

My achievements

When you complete the award, you will get a certificate and a badge. You can also keep a folder of all the work you have done. Best of all, you will gain more confidence and learn new skills to help you be more independent.

My support

To do the award, you need the support of someone who can help you get started, plan your activities and review your work. Your supporter will tell Mencap that you have ticked all the boxes and completed your award. Anyone can register as a supporter.
